## Protocol for the provisional application of the UPCA

The protocol for the provisional application of the Unified Patent Court Agreement allows for the **provisional application of the institutional, organisational and financial provisions of the UPCA and Statute during a period of approximately six months** before the UPCA enters into force.

This will allow all legal texts and all decisions and appointments to be adopted in accordance with the relevant procedures.

## The aftermath of the UK referendum of 23 June 2016 (contents)

- The UK is still a EU Member State for several months or years
- UK may ratify the UPC Agreement notwithstanding the Brexit notification
- Legal questions and political uncertainties

EU law background

## The UK is still a EU Member State for several months or years

- The 23 June 2016 referendum on Brexit had no legal effect in itself
- Only the formal notification in accordance with Art. 50 Lisbon Treaty on 29 March 2017 triggered the process by which the UK will withdraw from the EU
- the UK remains in the Union until *“the date of entry into force of the withdrawal agreement or, failing that, two years after the notification”*

20

The Unified Patent Court

## Referendum and UPC Agreement

- On 28 November 2016, the UK government announced its intention to ratify the UPC notwithstanding the referendum result to leave the EU
- This announcement is a major step towards the entry into operation of the UPC
- Some people, however, voice concern that the UK position (inside the UPC, but outside the EU) may raise legal questions

21

The Unified Patent Court

## Influence of a possible Brexit on the UPC Agreement

- UPC Agreement refers only to “*EU Member States*” (Art. 2, Art. 84): a non-EU Member State could not **accede** the Agreement
- UPC Agreement does not envisage the withdrawal from the EU of a EU Member State thereby becoming a non-EU Member State
- UPC Agreement does not envisage either the withdrawal of a Member State (nothing like Art. 50 Lisbon Treaty in the UPC Agreement)

VÉRON VA & ASSOCIÉS AVOCATS

22

The Unified Patent Court

## Legal questions

- Assuming the UPC Agreement enters into force **and** assuming UK withdrawal from the EU become effective, would such withdrawal make the UPC incompatible with EU law?
- In other words: is it possible that a State which was a EU Member State when the UPC Agreement entered into force remain in the UPC system after its withdrawal from the EU?

23

The Unified Patent Court

## Optimistic interpretation of the CJEU's legal opinion 1-09 of 3 March 2011

- The CJEU's legal opinion does not exclude the participation of non-EU Member States
- *"A court common to a number of Member States, situated, consequently, within the judicial system of the European Union"* may also be a court common to EU and non-EU Member States without violating EU law as long as the UPC Agreement provides that the Contracting Member States are jointly and severally liable for damage resulting from an infringement of Union law by the Court of Appeal

## Prepare for entry into force

- Before entry into force
- Transitional period
- After entry into force

## Prepare before entry into force

- National patent? Classical EP “bundle” patent?  
Unitary patent? Both (national + EP)?  
Language of filing?  
Order of applicants in the patent application?
- Review collaboration or joint research agreements
- Review co-ownership and licence agreements

## Prepare for transitional period

- To opt out or to stay in?
- If no opt-out, concurrent jurisdiction of UPC and national courts (claimant's choice)
- Applicable law may be different before the UPC and before national courts?
- Time matters: UPC has only jurisdiction for infringement facts subsequent to the entry into force of the Agreement

## Prepare for entry into force

- Superfast proceedings
- Fully electronic proceedings
- All statements and documents immediately available to the public unless specific request
